

IEEE ENERGY CONVERSION CONGRESS & EXPO PHOENIX, ARIZONA, USA ☀️ OCT. 20-24

SUBMISSION DEADLINE

June 7, 2024

Call for Post Journal Presentations

Continuing with this new ECCE 2023 initiative, Post-Journal presentations will provide an opportunity to the authors of published journal papers to present their work live to the ECCE audience. This will help journal authors advocate their published ideas, while at the same time, draw attention to both the participating journals and the ECCE conference. This is “presentation only” as the published journal paper will not be included into the ECCE proceedings.

List of Journals from PELS and IAS Society

- ▶ IEEE Transaction on Power Electronics
- ▶ IEEE Power Electronics Letter
- ▶ IEEE Journal of Emerging and Selected Topics in Power Electronics
- ▶ IEEE Power Electronics Magazine
- ▶ IEEE Transactions on Industry Applications
- ▶ IEEE Industry Applications Magazine
- ▶ IEEE Open Journal of Power Electronics
- ▶ IEEE Open Journal of Industry Applications

Presentation Session Structure

For the ECCE post-journal presentation we envision having multiple sessions. The planned topics of those sessions will be consistent with the ECCE technical program scope.
